# Index of Titles

- ACETYLCHOLINESTERASE Activity in Efferent Nerve Fibers of Human Inner Ear. T. Ishii, Y. Murakami and K. Balogh, Jr., 69.
- Action Potentials, Cochlear, Recorded from External Ear. H. Sohmer and M. Feinmesser, 427.
- Adenotonsillitis, Naturally Occurring, Mycoplasma Species Found in. P. M. Sprinkle, B. E. Kirk and P. B. Mathias, 503.
- Adipose Tissue, Inhibitory Effect on Osteogenesis. W. W. Montgomery and P. Van Orman, 988.
- Airway Problems in Newborn, Treatment of. C. F. Ferguson, 762.
- Anesthetic Drugs, Effect on Mucus Flow in Respiratory Tract of Topical Application. G. Ewert, 359.
- Anomalies of Larynx, Congenital Webs, Cysts and Laryngoceles. P. H. Holinger and W. T. Brown, 744.
- Asai Technique for Vocal Rehabilitation After Total Laryngectomy, First Experiences. A. H. Miller, 829.
- Aspects on Treatment of Cancer of Larynx. B. Martensson, E. Fluor, F. Jacobsson, 313.
- Audiometers, New Standard for. H. Davis, 716.
- BENIGN Teratoma of Tonsil. D. T. Ferraro, W. S. Hersperger, J. B. Campbell, 224.
- Bilateral Asymmetry in Noise Induced Hearing Loss. J. E. Watson, 1040.
- Bilateral Ivory Osteoma of Nasal Bones. R. Badrawy, 216.
- Biodynamics of Injury to Larynx in Automobile Collisions. A. M. Nahum and A. W. Siegal, 781.
- Bronchogenic Carcinoma, Endoscopic Management of Tracheal and Bronchial Resection and Anastomosis in. P. H. Holinger, D. G. Maurizi, J. A. Schild and R. J. Jensik, 238.
- Bronchoscopies, in Search of Cancer. L. Bernstein, 242.
- Bronchus, Carcinoma of, Is Surgery Worth-while? J. L. Pool, 250.
- Bronchus, Epidemiology of Cancer of: Facts and Suppositions. E. L. Wynder, 228.
- CALORIC Test in the Monkey and its Application for Drug Evaluation. R. A. Cutt, R. J. Wolfson, E. W. Keels, M. Litvin and E. Ishiyama, 436.
- Cancer of the Bronchus, Epidemiology of: Facts and Suppositions. E. L. Wynder, 228.
- Cancer of the Larynx, Treatment of. Bertil Martensson, Eric Fluor, Folke Jacobsson, 313.
- Cancer, Two Thousand Bronchoscopies in Search of. L. Bernstein, 242.
- Carcinoma of Bronchus, Is Surgery Worth-while. J. L. Pool, 250.
- Carcinoma of Trachea. M. J. Acquarelli, N. O. Ward and G. W. Hangos, 843.
- Central Nystagmus in the Cat. R. I. Kohut and C. Fernandez, 851.
- Cholesteatoma Epidermis, Histological and Histochemical Studies on. M. Maeda, T. Tabata, T. Shimada and M. Iwada, 1043.
- Cilia, Respiratory, Recent Electron Studies with Special Reference to. G. E. Tremble, 834.
- Cinefluoroscopy, Value of in Respiratory Problems of Children. J. L. Gwynn, 948.
- Clinical Diagnosis of Paget's Disease of Temporal Bone. J. D. Clemis, J. Boyles, E. R. Harford and J. P. Petasnick, 611.
- Cochlea, Distribution of Tritium-Labeled Salicylate in. T. Ishii, J. M. Bernstein, K. Balogh, Jr., 368.
- Cochlea, Human, Innervation of. Y. Nomura and I. Kirikae, 57.
- Cochlea, Quantitative Histochemistry of Microscopic Structures of. II. Ischemic Alterations of Levels of Glycolytic Intermediates and Co-factors in the Organ of Corti and Stria Vascularis. F. M. Matschinsky and R. Thalmann, 638.
- Cochlear Action Potentials Recorded from External Ear in Man. H. Sohmer and M. Feinmesser, 427.
- Cochlear Fluid Intermixture, Effect on Ultrastructure of Organ of Corti. A. J. Duvall III and V. T. Rhodes, 688.
- Cochleo-Cochlear Mechanisms, and VIII Nerve Section, Experiments. D. O. Mikaelian, 1033.
- Combined Craniotomy-Rhinotomy for Ethmoid Cancer. P. Guggenheim and W. P. Kleitsch, 105.
- Comparison of Mediastinoscopy and Scalene Node Biopsy. C. H. Johner, G. H. Conner and J. L. Procknow, 935.
- Complications Following Repair of Acute Laryngeal Injury. C. T. Yarrington, Jr., 941.
- Congenital Webs, Cysts, Laryngoceles and Other Anomalies of Larynx. Paul H. Holinger and William T. Brown, 744.
- Conservation Technique in Radical Neck Dissection. E. Bocca and O. Pignataro, 975.
- Craniotomy-Rhinotomy, Combined, for Ethmoid Cancer. P. Guggenheim and W. P. Kleitsch, 105.
- Crucial Problems in Case Selection and Surgical Techniques in Tympanoplasty. V. Goodhill, 387.
- Current Management, Glomus Jugulare Tumors. H. Rosenwasser, 603.
- Cyst, Oncocytic, of the Larynx. J. H. Brandenburg, 220.

- DEAFNESS, Sudden Industrial. S. Kawata and F. Suga, 895.
- Deaf White Mink: Electron Microscopic Study of the Inner Ear. D. A. Hilding, A. Sugiura and Y. Nakai, 647.
- Development of Facial Nerve in Man. R. F. Gasser, 37.
- Disc Electrophoretic Studies of Human Perilymph. T. Palva and V. Raunio, 23.
- Distribution of Tritium-Labeled Salicylate in Cochlea. T. Ishii, J. M. Bernstein, K. Balogh, Jr., 368.
- Drug Evaluation, Application of for Caloric Test in Monkey. R. A. Cutt, R. J. Wolfson, E. W. Keels, M. Litvin and E. Ishiyama, 436.
- EAR, Inner, Human, Acetylcholinesterase Activity in the Efferent Nerve Fibers of. T. Ishii, Y. Murakami and K. Balogh, Jr., 69.
- Ear, Inner, of Deaf White Mink, Electron Microscopic Study of. D. A. Hilding, A. Sugiura and Y. Nakai, 647.
- Ear, Inner, of Guinea Pig, Experimental Blockage of Endolymphatic Duct and Sac and its Effect on. R. S. Kimura, 664.
- Editorial, Ben H. Senturia, 547.
- Effect of Two Topical Anesthetic Drugs on Mucus Flow in Respiratory Tract. G. Ewert, 359.
- Efferent Nerve Fibers of the Human Inner Ear, Acetylcholinesterase Activity in. T. Ishii, Y. Murakami and K. Balogh, Jr., 69.
- Eighth Nerve Section and Cochleo-Cochlear Mechanisms, Experiments with. D. O. Mikaelian, 1033.
- Elective Cervical Esophagostomy. G. S. Fitzhugh and D. E. Sly, 804.
- Electric Polarization of Tectorial Membrane. M. Lawrence, 287.
- Electromyographic Investigation of Intrinsic Laryngeal Muscles Related to Speech Sounds. I. Hiroto, M. Hirano, Y. Toyozumi and T. Shin, 861.
- Endolymphatic Duct and Sac, Experimental Blockage of and its Effect on Inner Ear of Guinea Pig. R. S. Kimura, 664.
- Endolymphatic Hydrops, A. Study on. R. S. Kimura, 664.
- Endoscopic Management of Tracheal and Bronchial Resection and Anastomosis in Bronchogenic Carcinoma. P. H. Holinger, D. G. Maurizi, J. A. Schild and R. J. Jensik, 238.
- Epidemiology of Cancer of Bronchus: Facts and Suppositions. E. L. Wynder, 228.
- Equilibrium and Vertigo in Tilting Environment. M. Kitahara and R. Uno, 166.
- Esophagostomy, Elective Cervical. G. S. Fitzhugh and D. E. Sly, 804.
- Ethmoid Cancer, Combined Craniotomy-Rhinotomy for. P. Guggenheim and W. P. Kleitsch, 105.
- Eustachian Tube Function, Measurements of. R. F. Naunton and J. Galluser, 453.
- Evaluation, Long Term, Factors Influencing Results in Stapes Surgery. G. E. Shambaugh, Jr., 599.
- Experimental Blockage of Endolymphatic Duct and Sac and its Effect on Inner Ear of Guinea Pig. R. S. Kimura, 664.
- Experimental Synotia Dorsalis in Mouse Embryos. J. van der Borden, 129.
- External Auditory Canal of Cat, Histochemical Survey of Activity of Some Dehydrogenases in Normal and Infected Skin of. C. D. Carr and B. H. Senturia, 204.
- External Auditory Canal, Thermodynamics of. R. C. Bruner and L. R. House, 409.
- External Ear in Man, Cochlear Action Potentials Recorded from. H. Sohmer and M. Feinmesser, 427.
- External Otitis: Production of Pseudomonas Aeruginosa Antibodies. C. D. Carr, A. C. Sonnenwirth, B. H. Senturia, 393.
- FACIAL Nerve in Man, Development of. R. F. Gasser, 37.
- Factors Influencing Results in Stapes Surgery—A Long-Term Evaluation. G. E. Shambaugh, Jr., 599.
- First Experiences with Asai Technique for Vocal Rehabilitation After Total Laryngectomy. A. H. Miller, 829.
- Foreign Bodies in Larynx and Pharynx. D. L. Chhangani and K. K. Agarwal, 1070.
- Foreign Bodies in Salivary Ducts. J. W. Ray, 1067.
- Fowler, Edmund Prince, Obituary, 258.
- Frenckner, Paul, Obituary, 719.
- Frequency of Histological Otosclerosis. M. B. Jorgensen and H. K. Kristensen, 83.
- GELFOAM Implant and Stapedectomy, Reparative Processes Following. C. E. Kylander, 346.
- Glomus Jugulare Tumors, Current Management. H. Rosenwasser, 603.
- Glycolytic Intermediates and Cofactors in the Organ of Corti and Stria Vascularis, Ischemic Alterations of Levels of. F. M. Matschinsky and R. Thalmann, 638.
- Granuloma, Reparative Following Stapedectomy. R. S. Kaufman and H. F. Schuknecht, 1008.
- Grasses as Foreign Bodies in Larynx and Pharynx. D. L. Chhangani and K. K. Agarwal, 1070.
- HEARING Loss, Noise Induced, Bilateral Asymmetry in. J. E. Watson, 1040.
- Heart Rate and Rhythm, Laryngeal Reflex Pathways Related to. M. Suzuki and J. A. Kirchner, 774.
- Hensen's Cells, Nature of Lipid Globules in. M. Schiff and H. Christensen-Lou, 624.
- Histochemical Survey of Activity of Some Dehydrogenases in Normal and Infected Skin of External Auditory Canal of Cat. C. D. Carr and B. H. Senturia, 204.
- Histological and Histochemical Studies on Cholesteatoma Epidermis. M. Maeda, T. Tabata, T. Shimada and M. Ikeda, 1043.
- Hoarseness: Investigation of Physiological Mechanisms. N. Yanagihara, 472.
- Homografts, Incus, Functional Results in Cat. J. T. Benitez and L. Stein, 1026.
- Hypopharyngeal Carcinoma, Reconstruction of Pharynx Following Pharyngolaryngectomy. T. L. Molony and D. P. Bryce, 944.

- INCIDENCE of Otosclerosis as Related to Race and Sex. F. Altmann, A. Glasgold, J. P. Macduff, 377.
- Incus Homografts: Functional Results in Cat. J. T. Benitez and L. Stein, 1026.
- Industrial Sudden Deafness. S. Kawata and F. Suga, 895.
- Inflammatory Diseases of Larynx of Infants and Small Children. F. W. Davison, 753.
- Inhibitory Effect of Adipose Tissue on Osteogenesis. W. W. Montgomery and P. Van Orman, 988.
- Injuries, Laryngotracheal. R. E. Priest, J. S. Huff and J. D. Banovetz, 786.
- Innervation of Human Cochlea. Y. Nomura and I. Kirikae, 57.
- Is Otology to Become a Single Specialty? L. R. Boies, 549.
- Is Surgery Worth-while in Carcinoma of Bronchus? J. L. Pool, 250.
- JACKSON, Chevalier, Memorial Presentation. A Panel Discussion, 227.
- Jackson Memorial Lecture. E. Huizinga, 923.
- LABYRINTHITIS, Suppurative, Pathology of. M. M. Paparella and S. Sugiura, 554.
- Laryngeal Inflammations in Infants and Small Children. F. W. Davison, 753.
- Laryngeal Injury, Acute, Complications Following Repair of. C. T. Yarrington, Jr., 941.
- Laryngeal Muscles, Intrinsic, Electromyographic Investigation of, Related to Speech Sounds. I. Hiroto, M. Hirano, Y. Toyozumi and T. Shin, 861.
- Laryngeal Reflex Pathways Related to Rate and Rhythm of Heart. M. Suzuki and J. A. Kirchner, 774.
- Laryngectomy, Total, First Experience with Asai Technique for Vocal Rehabilitation. A. H. Miller, 829.
- Laryngotracheal Injuries. R. E. Priest, J. S. Huff and J. D. Banovetz, 786.
- Laryngotracheal Reconstruction, Trough Method. D. P. Bryce and V. G. Lawson, 793.
- Larynx and Lung, Fetal, Physiology of. F. Adams, D. T. Desilets and B. Towers, 735.
- Larynx, Anomalies, Congenital Webs, Cyst and Laryngoceles of. P. H. Holinger and W. T. Brown, 744.
- Larynx, Biodynamics of Injury in Automobile Collisions. A. M. Nahum and A. W. Siegel, 781.
- Larynx, Oncocytic Cyst of. J. H. Brandenburg, 220.
- Larynx, Respiratory Muscle of. M. H. Hast, 489.
- Larynx, Treatment of Cancer of. B. Martensson, E. Fluor, F. Jakobsen, 313.
- Lipid Globules, Nature of in Hensen's Cells. M. Schiff and H. Christensen-Lou, 624.
- Lung, Cancer of, New Directions in Radiotherapy. R. H. Sagerman, 253.
- MANAGEMENT of Chronic Pulmonary Disease in Childhood. B. R. Alford, G. M. Harrison, E. C. Butler and H. H. Harris, 950.
- Maximum Phonation Time and Air Flow Rate During Phonation: Simple Clinical Tests for Vocal Function. N. Isshiki, H. Okamura and M. Morimoto, 998.
- Measurements of Eustachian Tube Function. R. F. Naunton and J. Galluser, 455.
- Mediastinoscopy and Scalene Node Biopsy, A Comparison of. C. H. Johner, G. H. Conner and J. J. Procknow, 935.
- Meltzer, Philip Edward, Obituary, 519.
